

Clean Energy Transition, Part 5: The Role of Hydrogen Energy With Plug Power CEO Andy Marsh

Podcast | The Lobby Shop

February 19, 2021 | 1 minute read

Welcome to the latest installment of our new series within The Lobby Shop: Clean Energy Transition. Part 5 of this series covers the latest in hydrogen energy technology, including the current and potential applications of hydrogen power, storage options, how the US can effectively fund and implement this technology, and much more.

Scott Segal, co-head of PRG, facilitates this conversation with guest speakers Andy Marsh, president and CEO of Plug Power, a provider of clean hydrogen and zero-emission fuel cell technology, and Tim Urban, PRG partner and leader in clean energy tax policy.
