

Bracewell has been at the forefront of developments in the onshore and offshore wind market for more than 15 years. We have played a leading role in wind projects across the United States, Europe and the Middle East, representing global companies looking to increase their wind capacity, as well as domestic funds looking to expand in new jurisdictions.

We represent developers, sponsors, lenders and contractors on large-scale wind projects throughout the world, including the **Empire Wind** offshore wind farm in New York, the **Dogger Bank** offshore wind farm, the **Al Rajef and Shoubak Wind Projects** in Jordan and the **Lake Turkana Wind Project** in Kenya.

Areas of Focus

Renewable Energy

Experience

Alcazar Energy

- on the 84-MW AL Rajef Wind Project in Jordan

Alcazar Energy Partners

- in relation to the acquisition, development and project financing of the Shoubak Wind Project in Jordan procured pursuant to Jordan's renewable energy program

Algonquin Energy Services Inc.

- in connection with a virtual power purchase agreement with Microsoft to buy all of the power generated from the Sandy Ridge Wind Facility located in Blair and Centre County, PA along with the renewable energy credits generated from the facility

Eni S.p.A.

BRACEWELL

- in its £405 million acquisition of 20 percent interest in the Dogger Bank (A and B) 4 GW and its £140 million acquisition of 20 percent interest in the Dogger Bank (C) 1.2 GW from Equinor and SSE; and in the contribution of its 20 percent interest in the Dogger Bank offshore wind farm and other offshore wind assets to Vårgrønn, its joint venture with HitecVision, and related shareholder arrangements

Competitive Power Ventures
