

We have a long history representing major institutions in the healthcare industry, such as **Houston Methodist, MD Anderson, The Menninger Clinic, Texas Children's Hospital** and **Texas Medical Center**.

We represent major research institutions, medical centers, hospitals, health systems and healthcare providers on innovative and cost-effective ways of delivering healthcare services. We focus on clients' legal needs to allow them to do what they do best: treating patients and curing disease. Our deep knowledge of the industry and market-leading practices makes us a firm of choice for corporate governance, finance, mergers and acquisitions, intellectual property and litigation matters.
