

# Banking Compliance & Enforcement

We help banks and financial institutions ensure compliance with the complex mix of state and federal regulations that govern their day-to-day operations. We regularly represent clients across the United States in their dealings with regulators, examiners and agencies at both the state and federal levels.

In enforcement actions, we balance an effective, aggressive defense of our clients with short- and long-term business goals, to achieve constructive and favorable resolutions. We provide guidance on a broad range of consumer lending, non-discrimination, privacy and credit-related laws.
